general manager's annual report

Despite starting with some significant financial and organisational challenges, 2022/23 was a really good year. In the last 12 months, we have worked hard to fix many issues, including our finances, our relationships with clubs and our service to players. Whilst we recognise it is still early days, we are proud of the work we have done so far, and appreciate your support as we continue to focus on providing quality services that meet the changing needs of our community.

It wasn't an easy year, but it was always clear what needed to change. Change required a methodical and thorough review of our operations and expenditure to look for more efficient ways of providing our services. At the same time, it was important to talk to our players, clubs and coaches to find out what our tennis community needed. From this we reviewed our tournaments, interclub, and player development programmes, and reviewed all income sources with a focus on increasing income from more venue hire, running more competitions and tournaments, and applying for more grants.

Time was then taken to take what we learnt and create an updated strategy and operational plan, which details the specific actions we need to take to achieve our goals. I think our new strategic plan represents our community's vision well and enables us to more easily communicate with our members about where we are going and how we plan to get there.

I would like to thank Trevor Thornton for the outstanding job he did in the role of Interim Chair, the Board of Tennis Canterbury, the staff and contractors engaged through the year and most importantly you - our tennis community, for your patience and support - it has been integral to our success.

While it feels like we have only just begun on this journey, I am pleased to report that we have had some key successes. Our strategy details what success looks like under four areas - Grow Participation, Strengthen Partnerships and Collaboration, Deliver Organisational Excellence, and Enable High Performance.

Grow Participation

Our goal for participation is to engage new players and retain existing ones by delivering quality and enjoyable tennis experiences, including interclub, competitions, national initiatives, and hosting world class events at Wilding Park. We also aim to have more diverse communities playing tennis.

Key Successes

- 350 teams played in Summer Interclub
- Increased numbers played in Winter Interclub, Business House and Mid-Week Leagues at Wilding Park
- The Wilding Challenge Junior Competition was re-established and well patronised
- Tennis Canterbury's Corporate Day returned and was well supported
- 17 tournaments were delivered
- The Davis Cup returned to Christchurch for the first time in 5 years
- An Introduction to Pickleball was a great success
- The Christchurch Tongan Lawn Tennis Club affiliated with Tennis Canterbury

Strengthen Partnerships and Collaboration

Our goal is that Tennis Canterbury and Clubs have a positive relationship, our community feels well informed and involved, we have a strong group of professional coaches, and we are working together with Tennis NZ for the good of the game.

Key Successes

- More consistent and positive conversations with members and clubs
- More active social media presence
- Email updates to members
- Participation in Club AGM's to connect with and communicate our strategy
- Stronger relationships built with Tennis NZ, Sport Canterbury and Christchurch City Council

Deliver Organisational Excellence

Our goal is to be an efficient and effective financially sustainable organisation, delivering on a clear, achievable strategy and sound operational plan, with a positive and engaged Board.

Key Successes

- Expense reductions through efficiency gains, more cost-effective ways of delivering operations
- Increased revenue from facility hire, indoor court bookings, competition and tournament entry fees and Grant Funding
- A financial turnaround of nearly \$400k
- Skilled contractors employed to focus on specific aspects of the business
- Re-established a full Board and Chair

Enable High Performance

Our goal is to deliver quality high performance competitions and tournaments that allow players to improve, provide clear and supported pathways for players and coaches, and local players and teams are well-prepared for national tournaments.

Key Successes

- High Performance programmes were run in conjunction with Tennis NZ
- Player Development Programme for aspiring Juniors created and implemented
- 2 successful ITF Junior Tournaments held
- 2 successful National Teams Events held
- Numerous successful tournament results from our Canterbury players

Maintaining facilities, delivering competitions, and promoting tennis comes at a cost. Those costs are currently met through a combination of grant funding, entry fees, facility hire, sponsorship, and affiliation fees. It is our intention to work towards increasing revenue streams in order to reduce the cost of affiliation to our members while ensuring there is a sustainable tennis future for the generations to come.

As we move into the next year, I'm optimistic about our continued progress. We have a sound plan that is demonstrating success. I look forward to seeing more of you all on court and off.

Thank you for being a part of this journey.

Purpose:

The purpose of this statement is to identify the desired service performance to be achieved by Tennis Canterbury Region Inc. in its activities pertaining to its role in promoting and supporting tennis in the Canterbury region.

Objectives of Tennis Canterbury Region:

- a. Be the body in the Canterbury and northern South Island region ("the Region") to govern, administer, promote, develop, enhance and protect the sport of tennis mainly as an amateur sport for the recreation and entertainment of the general public in the Region.

Status of Objectives:

TCRI is currently undertaking activities that are consistent with the stated objectives.

The decision of three of the Associations in the Region (Nelson, Marlborough, and West Coast) to be autonomous and seek only support as required from Tennis Canterbury Region does mean Tennis Canterbury is not ultimately in control of the outcomes being achieved in those geographical areas, but the status quo is considered the most effective option to achieve the stated Objectives across the Region.

statement of accounting policies.

Tennis Canterbury Region Inc
Statement of Accounting Policies
For the Year Ended 30 June 2023

Basis of Preparation

TCRI has elected to apply PBE SFR-A (NFP) Public Benefit Entity Simple Format Reporting - Accrual (Not-For-Profit) on the basis that it does not have public accountability and has total annual expenses of equal to or less than \$2,000,000 for the last two annual reporting periods.. All transactions in the Performance Report are reported using the accrual basis of accounting. The Performance Report is prepared under the assumption that TCRI will continue to operate as a going concern in the foreseeable future. All accounts are rounded to the nearest dollar.

Revenue

Revenue is accounted for as follows:

Affiliation income

Affiliation Income is recognised on an accruals basis.

Other Member Related Revenue

Where members purchase specific services (for example, attendance at the coaching and development course), revenue is initially recorded as revenue in advance, and then recognised proportionally on the basis of the value of each session relative to the total value of the purchased services.

Other fees and subscriptions are recorded as revenue when cash is received.

Fundraising and Grants

Fundraising and Grant income is accounted for depending on whether or not it has a "use or return" condition attached. Where no use or return conditions are attached, the revenue is recorded as income when the cash is received. Where income includes a use or return condition, it is initially recorded as a liability on receipt. The income is then subsequently recognised within the Statement of Financial Performance as the performance conditions are met.

Donations

Donations are accounted for depending on whether they have been provided with a "use or return" condition attached or not. Where no use or return conditions are attached to the donation, revenue is recorded as income when the cash is received. Where donations include a use or return condition, the donation is initially recorded as a liability on receipt. The donation is subsequently recognised within the Statement of Financial Performance as the performance conditions are met.

Donated goods or services (other than donated assets) are not recognised.

Where significant donated assets are received with useful lives of 12 months or more, and the fair value of the asset is readily obtainable, the donation is recorded at the value of the asset obtained. Where the fair value of the asset is not readily obtainable, the donation is not recorded. Donated assets with useful lives less than 12 months are not recorded.

Event Income

Entrance & Participation fees for Representative programmes and events are recorded as revenue when the event takes place.

Interest income

Interest income is recognised on an accruals basis.

Other Income

All other income is accounted for on an accruals basis and accounted for in accordance with the substance of the transaction.

Income Tax

Tennis Canterbury is a registered charity and therefore exempt from income tax.

Bank and Cash

Bank and Cash in the Statement of Cash Flows comprise cash balances and bank balances (including short term deposits) with original maturities of 90 days or less.

Goods and Services Tax (GST)

The entity is registered for GST. All amounts are recorded exclusive of GST, except for Debtors and Creditors which are stated inclusive of GST.

Debtors

Debtors are carried at estimated realisable value after providing against debts where collection is doubtful.

Inventory

Inventories are stated at the lower of cost and net realisable value.

Property, plant and equipment

Property, plant and equipment are shown at cost or valuation less any accumulated depreciation and impairment losses.

Depreciation

Depreciation is provided on a straight-line basis on all property, plant and equipment, at rates that will write off the cost of the assets to their estimated residual values over their useful lives. The depreciation rates and useful lives associated with major classes of assets have been estimated as follows:

Furniture and fittings	3 to 25 years
Plant & equipment	3 to 10 years
Indoor court surfaces	25 to 50 years
Outdoor court surfaces	5 to 50 years
Computer hardware	2 to 3 years
Office Equipment	33 years

Provisions

TCRI recognises a provision for future expenditure of uncertain amount or timing when there is a present obligation (either legal or constructive) as a result of a past event, from which the probability that an outflow of future economic benefits will be required to settle the obligation and the ability to determine a reliable estimate of the amount of the obligation both exist.

Changes in Accounting Policies

There have been no changes in accounting policies during the annual reporting period.
